PARTNERSHIP SCHOOL PROGRAM

1. The annual partnership fee is \$500.
2. You will receive twenty one-year subscriptions for individuals of your choice that might include students, artists, faculty, staff, friends of your institution, or others. Each print issue will be sent as a single mailing to each participant who will also receive the two on-line issues. All subscribers will have access to all back issues through the ATLA program in religious publications.
3. You can place one ad per year for each print issue and one ad per year for each online issue. We will invite you to provide a color ad and use it with both print and online editions.
4. You are invited to provide a 30-50 word statement about your program(s) or upcoming events to be used in various resources. We will also welcome longer periodic articles (and article ideas) about your programs.
5. A link will be provided from our website to yours.
6. Since **arts** is the journal of **sarts**, the Society for the Arts in Religious and Theological Studies, the promotion of your school will be highlighted to members of the Society and be appropriately acknowledged at **sarts** conferences and events.
